**Daniel E. Campbell Nomination to the  
Nevada State Board of Engineers and Land Surveyors**

Dear Governor Gibbons,

As an Engineer of 36 years and registered in 7 states I am honored to serve as reference for Daniel E. Campbell, S.E. who is being considered by you to serve on the Nevada State Board of Registration of Engineers and Land Surveyors.

Mr. Campbell is known to me both personally and professionally having collaborated on several projects within and outside the State of Nevada. I find his most aspiring attribute to be his integrity and fairness in serving his clients and his associates.

The Board in my opinion would be well served to have a Structural Engineer like Dan who, by his very training will be the most well versed of the engineers in all engineering systems and their safety aspects in respect to all systems.

It is my prediction that Mr. Campbell, with his education and experience, will add intellectual strength, fairness, integrity and enthusiasm to the Nevada Board.

Very Truly Yours,

David H. Grievés, P.E.  
Principal Structural Engineer  
Chairman of the Board
