Dear Sirs,

It is my pleasure to personally acknowledge the work that Mr. Campbell has provided our company for many years, in the Las Vegas area. Our work consists of commercial construction and development, specializing in solutions for companies in need of structural remodel, improvement and new construction projects. His integrity, knowledge, and trustworthiness as our structural engineer greatly contribute to our company's success. It is our company's utmost position to create a team environment for our business, and Dan consistently is a part of our achievements. I would highly recommend Mr. Campbell for his knowledge in his field, as well as a business associate.

Sincerely,

Les Bereny
