Re: Mr. Dan Campbell

Sirs;

I wish offer my letter of recommendation for Mr. Dan Campbell of LVEngineers, LLC of Las Vegas, Nevada. Voyager Entertainment designs and intends to build giant Observation Wheels for the local market as well as international venues. These designs and structures are very intense when it comes to requiring engineering. Dan was our first and only choice to provide the expertise needed to work through our designs and provide the correct engineering.

I have known and worked with Dan for over five years and I have found him to extremely professional and more importantly a person I can trust with my designs and company.

Las Vegas is very fortunate to have a quality company like LVEngineers, LLC backed by a knowledgably individual like Dan to make my life a lot easier.

If you require further information, please do not hesitate to call me.

Kindest Regards,
